Mr. Baker:

Re: Submission of Energy Fuels Resources (USA) Inc.'s Annual Report for the Whirlwind Mine (S/19/0065)

Energy Fuels Resources (USA) Inc. ("EFRI") is providing the 2014 annual report for the Whirlwind Mine. Attached please find the annual report along with the annual fees. There has been no change in surface disturbance or reclamation at the mine in 2014; however, a map of the mine site is provided for informational purposes. All current surface disturbance is in Colorado, as the vent shaft installation in Utah has not yet occurred.

It is important to note that on September 26, 2014, Energy Fuels Resources Corporation transferred the permits associated with the Whirlwind Mine to EFR Colorado Plateau, LLC, an affiliate of EFRI. The address and contact information remain unchanged.

If you have any questions or comments, please do not hesitate to contact me at 303-389-4167.

Yours very truly,
